

# Bingshuo Guo

Xiamen University ■ Master ■ 2001.01 ■ Shijiazhuang City, Hebei Province ■ TEL/WeChat: 13785207209  
■ Email: [guobingshuo@stu.xmu.edu.cn](mailto:guobingshuo@stu.xmu.edu.cn) ■ Address: Xiamen University, Xiang'an District, Xiamen City, Fujian

## Education Background

2018–2022 **Yanshan University** Communication Engineering Bachelor of Engineering  
■ GPA: 3.00/4.0 (No. 18/123) ■ Overall rating: 80.6/100 (No. 13/123) ■ English certificate: CET-6 (520 points);  
2022–2025 **Xiamen University** Communication Engineering Future Network Laboratory Master of Engineering  
■ GPA: 3.33/4.5 ■ Research direction: Cloud-Edge Collaborative Computing; Subgraph Isomorphism

## 实习经历

■ 2023.11 – 2024.03 Schneider Electric. Digital Innovation AI Algorithm Engineer  
Main work: Mainly responsible for the research and deployment of algorithms for the company's business  
■ 2024.07 – 2024.09 Huawei Technologies. Distributed Storage Department Software Engineer  
Main work: Mainly responsible for maintaining and developing a module in a certain product of the company

## Academic Achievements

1. M. Liwang, **B. Guo**, et al, "[Unleashing the Potential of Stage-Wise Decision-Making in Scheduling of Graph-Structured Tasks over Mobile Vehicular Clouds](#)", *IEEE communication Magazine*, 2024. 06
2. **B Guo**, M. Liwang, et al, "[Real-Time and Low-Overhead Graph Task Scheduling over Vehicular Computing-Assisted Edge Networks](#)", *IEEE International Conference on Communications*, 2024. 08
3. **B. Guo**, M. Liwang, et al. "Seamless Graph Task Scheduling over Dynamic Vehicular Clouds: A Hybrid Methodology for Integrating Pilot and Instantaneous Decisions", *IEEE Transactions on Services Computing*, 2024 (Under review)

## 个人技能

■ Familiar with C++\Python, master MATLAB\C\MySQL\Shell, Proficient in office software  
■ Familiar with Linux development environment and development tools such as Docker, CMake, Git, etc.

## 项目经历

■ 2023.09 – 2024.01 Distributed KV storage database based on Raft consensus algorithm Backend Development  
■ 2023.12 – 2024.02 Aqius-Energy saving optimization of water plant outlet pump group Algorithm development

## 曾获荣誉

■ Scholarships: National Encouragement Scholarship, Xiamen University Academic Scholarship,  
■ Advanced Personality: Three Good Students of Yanshan University;
